

Logistics with Fresh Avenue!

Fresh Avenue's Logistic Advantage

- Track and trace team with load updates according to your desired cadence
- Customer advocacy, acting as an extension of your company to ensure fast and cost effective services
- Business intelligence reporting for precise visibility on logistics costs and their impact on your total cost of ownership
- Source based consolidation facilities, mixing centers, warehousing, and distribution solutions to streamline your supply chain

Less Than Truck Load (LTL) Services

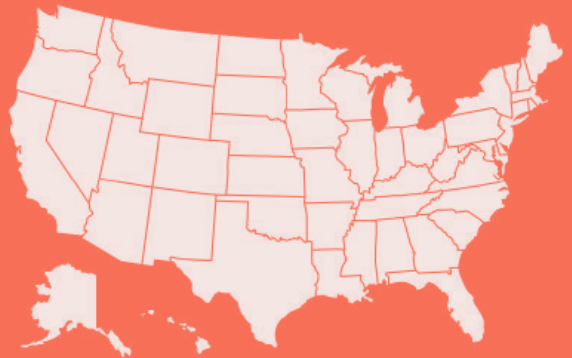

Working in the produce space with short shelf life and rapid turn times, we understand that not every shipment requires a full truckload. To solve that challenge for our customers and further enhance our value to your supply chain, we also offer a Less Than Truckload (LTL) and partials service to meet your diverse shipping needs. Just ask to speak to one of our LTL service professionals for availability, pricing, and scheduling to your geographic region.

- Ability to ship a few pallets or 15 from any west coast point of origin
- Reliable and regularly scheduled routes that hit most metro areas multiple times per week
- Customizable programs tailored to your needs

Truck Load Services

- Reliable and trustworthy transportation across the United States
- Dedicated accounts managers providing personalized support and communication
- Competitive market pricing, and the ability to offer contract dedicated rates
